

GREENLADS PAYMENT SERVICES

Quality-Driven Merchant Services

High-risk merchant processing often presents challenges and is typically associated with elevated fees. This is a common industry standard within these verticals. To provide greater transparency and simplicity, we are pleased to introduce our new 7-30 pricing structure, which features a flat rate of 7% plus a \$30 monthly fee. Please note that fees for chargebacks, retrievals, and chargeback arbitration will be applied on a per-occurrence basis.
